ABSTRACT

Ayurveda is the science of life aims both preventing and curing the diseases. Among the many contributions of Ayurveda in drug delivery system –“Bahirparimarjana,” plays an important role as it is simple and an effective method of drug administration to oral cavity. Mukhaprayogarthas kalpana means specific formulations used for therapy in Mukha rogas which includes Gandusha, Kavala and Pratisarana. Oral diseases can be prevented by following dinacharya and Mukhaprayogarthas kalpana like Gandusha – kavala are one among the dinacharya mentioned by our Acharyas also. Mukhaprayogarthas kalpana types, indications, samyak-hina and atiyoga lakshanas will be discussed here.

KEYWORDS: *Bahirparimarjana, Mukhaprayogarthas, Gandusha, Kavala, pratisarana.***DESCRIPTION**

According to classics Mukha kalpana are mainly classified into three.

प्रतिसारण गण्डूष कवलग्रहमेव च।

मुखरोगादिषु प्रोक्तं त्रिधाकर्म तदुच्यते॥

1. Gandusha
2. Kavalagraha
3. Pratisarana.

As per Bhavaprakasha,

स्नेहक्षीरकषायादि द्रेव्यै सपूर्णमाननं।

आपूर्य स्थीयते तावत् विधिर्गण्डूषधारणं॥

Liquids Used For Gandusha

1. Swarasa
2. Kvatha
3. Ghritha
4. Taila
5. Gomutra
6. Ushnodaka
7. Mamsarasa
8. Sheeta kashaya
9. Amlodaka
10. Ksharodaka.

1. Kavala Kalpana

मुखे सञ्चार्थते या तु सा मात्रा कवलः स्मृतः।^[2]

Kavala is a process of holding liquid or solid drug in the mouth without restriction of movement inside.

कवले तु पर्यायिणं कपोलौ कण्ठं च सञ्चारयेत्। अयमेव कवलगण्डूषयोर्विशेषः॥

Vagbhata has advised that the movement of kavalagraha should be upto the level of kantha. It may be compared with gargle.^[3]

Liquids used for kavala

1. Swarasa
2. Kvatha
3. Ghritha
4. Taila
5. Gomutra
6. Ushnodaka
7. Mamsarasa
8. Sheeta kashaya
9. Amlodaka
10. Ksharodaka

Types Of Gandusha And Kavala^[4]

चतुर्विधः स्याद् गण्डूषः स्नेहिकः शमनस्तथा।

शोधनो रोपणश्चैव कवलश्चापि तद्विधः॥

According to Sharangadhara, Gandusha and kavalagraha are of **four** types,

- Snaihika gandusha or kavala
- Shamana gandusha or kavala
- Shodhana gandusha or kavala
- Ropana gandusha or kavala

a. Snaihika

Performed by using snigdha dravya with madhura, amla, lavana rasa.

The liquid is used in warm state.

तिलकल्कोदकं क्षीरं स्नेहो वा सैहिके हितः ॥

Gandusha with a kalka of tila mixed with water or milk and oil.^[5]

Indication – vata roga

b. Shamana

- These are performed using madhura or tikta, kashaya rasa dravya.
